

## Environmental Health Sciences M4II Spring Seminar Schedule

seminars are on Thursdays at noon in 6E-269 CHS unless otherwise indicated

April 9, 2008

**SPECIAL SEMINAR: Candidate for Computational Biology Search**  
Christina Ramirez Kitchen (UCLA Department of Biostatistics)

Title: "Statistics in the clinic: phenotype-genotype relationships in infectious disease"

*Wednesday 3:30 pm in 73 -105 CHS*

April 10, 2008

Edward Crandall (University of Southern California)

Title: "Nanoparticle Interactions with Lung: Toxicity, Uptake and Trafficking"

Website: [http://www.usc.edu/schools/medicine/util/directories/faculty/profile.php?PersonIs\\_ID=3067](http://www.usc.edu/schools/medicine/util/directories/faculty/profile.php?PersonIs_ID=3067)

host: Andre Nel ([ANel@mednet.ucla.edu](mailto:ANel@mednet.ucla.edu); 5-6620)

*joint seminar with the Molecular Toxicology and Nanotoxicology Training Programs and co-sponsored by the California Nanosystems Institute*

April 14, 2008

**SPECIAL SEMINAR: Institute of the Environmental Colloquium**

Richard Jackson (Director, Graham Environmental Sustainability Institute, University of Michigan)

Title: "From a tangle of challenges on a greenhouse planet - depleted energy and resources, crashing species, crushing health costs - can we weave wholecloth solutions? We must - it's this century's work."

*Monday 4:00 pm in 110 La Kretz Hall*

April 17, 2008

Curtis Harris (National Institutes of Health)

Title: "TBA"

host: Robert Schiestl ([rschiestl@mednet.ucla.edu](mailto:rschiestl@mednet.ucla.edu); 7-2087)

Website: <http://www3.cancer.gov/intra/LHC/Curt.htm>

*joint seminar with the Molecular Toxicology and Nanotoxicology Training Programs*

April 21, 2008

**SPECIAL SEMINAR: Candidate for Computational Biology Search**

Xin Xu (Harvard School of Public Health)

Title: "Data mining: association study of SNPs in 3'-UTR motifs and mRNA levels in human lymphocytes"

*Monday 3:30 pm in 53 -105 CHS*

## Environmental Health Sciences M4II Winter Seminar Schedule, *cont.*

seminars are at Thursdays at noon in 61-269 CHS unless otherwise indicated

- April 24, 2008**      **Steven Frank (UC Irvine) - Candidate for Computational Biology Search**  
Title: "Dynamics of Cancer: Incidence, Inheritance, and Evolution"  
Website: <http://stevefrank.org/>  
host: Rich Ambrose (rambrose@ucla.edu; 6-1984)
- May 1, 2008**      TBA  
Title: TBA  
host: TBA
- May 8, 2008**      **Howard Shertzer (University of Cincinnati)**  
Title: "Oxidative stress pathways for polyhalogenated aromatic hydrocarbons"  
Website: [http://www.eh.uc.edu/dir\\_individual\\_details.asp?qcontactid=70](http://www.eh.uc.edu/dir_individual_details.asp?qcontactid=70)  
host: Oliver Hankinson ([OHank@mednet.ucla.edu](mailto:OHank@mednet.ucla.edu); 5-2936)  
*joint seminar with the Molecular Toxicology and Nanotoxicology Training Programs*
- May 15, 2008**      **Robin Bush (UC Irvine) - Candidate for Computational Biology Search**  
Title: "Immune escape by influenza: from protein structure to epidemics"  
Website: <http://rmbush.bio.uci.edu/>  
host: Rich Ambrose (rambrose@ucla.edu; 6-1984)
- May 19, 2008**      **SPECIAL SEMINAR: Candidate for Computational Biology Search**  
**Andrew Gentle (Stanford University)**  
Title: "TBA"  
Website: <http://elsa.stanford.edu/andrew/>  
host: Rich Ambrose (rambrose@ucla.edu; 6-1984)  
*Monday at noon in 16-059 CHS*
- May 22, 2008**      **Iqbal Hamza (University of Maryland)**  
Title: "Specification of Heme Trafficking Pathways in Eukaryotes"  
Website: [http://ansc.umd.edu/I\\_Hamza/Hamza%20owebpage\\_2.htm](http://ansc.umd.edu/I_Hamza/Hamza%20owebpage_2.htm)  
host: Cathy Clarke (cathy@chem.ucla.edu; 5-0771)  
*joint seminar with the Molecular Toxicology and Nanotoxicology Training Programs*

## Environmental Health Sciences M4II Winter Seminar Schedule, *cont.*

seminars are at Thursdays at noon in 61-269 CHS unless otherwise indicated

**May 29, 2008**

James Gibson (UCLA Environmental Health & Safety)  
Title: "TBA"  
host: Hilary Godwin ([hgodwin@ucla.edu](mailto:hgodwin@ucla.edu); 4-9112)

**June 5, 2008**

Sharon Walker (UC Riverside)  
Title: "TBA"  
Website: <http://www.engr.ucr.edu/~swalker/prof.shtml>  
host: Eric Hoek ([hoek@seas.ucla.edu](mailto:hoek@seas.ucla.edu); 6-3735)  
*joint seminar with the Molecular Toxicology and Nanotoxicology Training Programs and co-sponsored by the California Nanosystems Institute*
